Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 26 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain and hill snow easing overnight. Less cold Wednesday.

This Evening and Tonight:
Rain and hill snow during the evening, increasingly falling as rain to all levels. Rain will gradually ease overnight with eastern parts largely dry, and the odd clearer spell possible. Staying cloudy with outbreaks of drizzle in the west. Minimum temperature -1 deg C (30 deg F).

Wednesday:
Early brighter spells possible, mainly in the east. A mostly cloudy day follows, with further outbreaks of rain or drizzle, especially across the Pennines. A little less cold than Tuesday. Maximum temperature 5 deg C (41 deg F).

Outlook for Thursday to Saturday:
Strengthening winds Thursday with outbreaks of heavy rain, sleet and snow. Wind, rain and hill snow gradually easing Friday, but turning cold again. Largely sunny, dry and staying cold Saturday.
